INTER-AGENCY NETWORK FOR EDUCATION IN EMERGENCIES (INEE)

“An open, global network working together to ensure all persons access their right to a relevant, safe and quality education.”
INEE was conceptualized during the Strategy Session on Education in Emergencies held at the 2000 World Education Forum in Dakar. With a commitment to advancing Strategy Five of the Dakar Framework, UNESCO, UNICEF, and UNHCR convened the first Global Consultation on Education in Emergencies (Geneva, November 8 – 10, 2000) with representatives from WFP, UNDP, the World Bank, bilateral donors, and more than 20 non-governmental organizations engaged in education in emergencies programming. INEE was launched during that consultation in order to build upon and consolidate existing partnerships and efforts.
